Each of the twelve topic areas of The Tudors CD-ROM, listed above, includes Teachers' Notes, and Key Facts for the pupils. The resources in each section include multiple choice worksheets that can be printed out or completed on-screen, as well as interactive labelling and ordering activities for whole-class, group work or individual learning. Upon successful completion of an activity, pupils are encouraged by a reward screen from which they can print out a certificate recording their progress. The Worksheets Wizard provides a template for teachers to produce their own multiple choice worksheets.
