Winds and Ocean Currents
Global Environments I

Global Environments 2
Thunder and Lightning
Tornadoes and Hurricanes
Droughts and Floods
Global Warming
Signs in the Sky

Each of the twelve topic areas of the Weather CD-ROM, listed above, includes Teachers' Notes, and Key Facts for the pupils. The resources in each section include multiple choice worksheets that can be printed out or completed on-screen, as well as interactive labelling and ordering activities for whole-class, group work or individual learning. Upon successful completion of an activity, pupils are encouraged by a reward screen from which they can print out a certificate recording their progress. The Worksheets Wizard provides a template for teachers to produce their own multiple choice worksheets.

Weather is priced (ex.VAT):
extended site licence - £99.95
unlimited user site licence - £79.95
30-59 user licence - £59.95
2-29 user licence - £39.95
single user licence - £19.95

(The extended licence includes home use by teachers and pupils.)
